

Lucina Hagman School's kitchen recycling interview

Kälviä 18.1.2022

Nella Kortetmaa

Alina Maunula

How much waste food does the school kitchen produce per week?

Not much, only about 3kg

Please take only that much
you will eat! Says Mara

How do you reduce waste in our school?

Through good planning, serving leftovers from the day before and separated mixed salad table.

And the most important thing is that the students take only that much food that they will eat.

Which dish causes the biggest amount of waste?

The new dishes for example new vegetarian foods.
